All entries should be on the field by 9.30 a.m.

Department of Agriculture and Rural Development

Important Note for Cattle Exhibitors 2010

Procedure for movement of Northern Ireland (NI) cattle into and out of  
Local Agricultural shows

## Disease Control

Only animals free from disease restrictions, including tuberculosis brucellosis and bluetongue (herd or Individual animal restrictions), may be permitted to move to a show

To minimize the risk to other livestock, exhibitors are encouraged to have show animals tested for TB by their vet in the 30 days beforehand.

All bovine animals which are more than 12 months of age (with the exception of bullocks) must have a clear Brucellosis test for a sample taken within 30 days prior to movement to the show.

Exhibitors should bring proof of this negative brucellosis test result with them to the Show.

Cattle pre-movement tested in a herd, can move to a Show but must return directly to the same herd in which they were tested. These cattle can then move to another Show provided the move occurs within 30 days of the original date of sampling and the 6 day standstill requirements have been fulfilled.

## Identification

All cattle must be properly identified and comply with the cattle identification regulations.

## General Principles

- \* Cattle going to a Show(s) must be accompanied by fully completed MC2 document identifying the Show premises as the destination.
- \* Cattle moving from a Show must return to their presenting herd.
- \* On return to the farm the cattle should not move again except to slaughter for a period of 6 days (6 day whole farm standstill).
- \* An exemption from this whole farm standstill will be permitted when animals returning from Show are held in an isolation facility for a period of 6 days. Animals in an approved isolation facility may not move to a Show

The number of shows to which cattle may travel is not limited, provided these conditions are satisfied on all occasions.

**Class 189** - CYDECTIN CHAROLAIS CHAMPIONSHIPS

As the grand final of the Cydectin Charolais competition is being held at Clogher Valley Show there will be a special judging ring devoted entirely to Charolais. The usual Charolais show classes will be judged first.

As Clogher Valley Show is also a qualifier for this competition it will be judged after the normal show classes. Finally all of the Cydectin qualifiers will go forward for the Dectomax championships.

With so many Charolais cattle attending there will pressure on time.

This means that judging will begin at 10am sharp, and will run continuously without any breaks, so please ensure that you have enough help if you have a number of animals to show.

In the qualifying competition First and second in each of the six classes will qualify for the Cydectin championships. Owners of the cattle must be members of the NI Charolais Club.
