Clogher Valley Agricultural Society
Safety Policy

The Clogher Valley Agricultural Society - (The Society) will ensure, as far as is reasonably practical, the health and safety of all those who are affected by it's operations. The discharge of this responsibility will be an integral part of the duties and objectives of the Society. All those working for the Society either in a paid or voluntary capacity will implement this Safety Policy as far as is reasonably practical by ensuring the provision and maintenance of:-

1.) A safe environment and means of access and egress to any place within the sphere of operations of the Society.

2.) Plant and structure (provided by and catered for by the Society) which are safe and without risk to health.

3.) Such information, instruction and supervision as is necessary to ensure the health and safety of all affected by the Society's operations.

4.) Adequate first aid provision.

The above is a general statement of the health and safety policy of the Society. However detailed arrangements for safety at shows and events sponsored by the Society are laid out below.

2.) Access - All those arriving at events sponsored by the Society will obey instructions from Society Employees. All those arriving at events are expected to drive in a safe manner.

3.) Emergency Arrangements - It is not possible to be specific about procedures arising from emergencies. In event of evacuation of the Showgrounds becoming necessary, clear instructions will be given by loud speaker. In general all those evacuated from the Showgrounds will assemble in the car parking fields. Emergency services may be alerted from the telephones in the Show Office or by informing a steward or a member of the Security Forces.
Emergency procedures for escaped or fractious animals:-
Additional ropes and leading poles may be obtained from the stewards. Any such animal will be removed to a secure and secluded pen; or the exhibitor may be requested to remove such animals from the Show. As a last resort such animals may be humanely destroyed, if there is no other means of preventing risk to others.

Exhibits & Animals

1.) All animals are accepted for showing on the condition that they are adequately trained and acclimatised to such events. Any animal which appears to be unprepared will not be allowed to participate.
2.) All handlers, stockmen and grooms must be physically capable of controlling their animals. Stewards may instruct that another handler be appointed, if in their opinion, the original handler is not capable of adequately controlling his/her exhibit.
3.) All animals are to be securely fastened to the exhibitor's trailer or lorry trailers must be secured to vehicles. Vehicles must be parked in an orderly manner in accordance to Stewards’ instructions.
4.) The Society Employ a number of veterinary surgeons whose services may be obtained by contacting a steward.
5.) Exercise and practice will be carried out in clearly designated separate sections.
6.) It is the responsibility of exhibitors to ensure that vehicles are handled in a safe manner. In particular large vehicles should be reversed in a safe manner - 2 persons must be present when vehicles are reversed.

Machinery & Trade Exhibits

All exhibited machinery must be shown in a safe manner, with all guards in place, in particular:-
1.) Unauthorised access to machinery must be prevented or discouraged. Where this is not possible the machine must be rendered incapable of accidental operation.
2.) All tines, cutting edges and rotating machinery must be securely guarded or fenced so as to ensure that no-one can approach the danger area.
3.) All hydraulically supported equipment must be securely propped and rendered incapable of accidental operation.
4.) All mobile demonstrations must be carried out in a designated area separated by adequate fencing from the general public.
5.) All electric installations will be checked by a qualified electrician. All exhibitors are reminded that extension leads should not lie exposed on the ground. Portable generators must be sited so that they do not present any hazard to visitors.
6.) Any chemicals, small machinery and other trade exhibits will be shown in a safe manner and adequately guarded from the general public to prevent contact. No dangerous substance will be allowed on display except in a sealed container. It is suggested that water should be substituted for chemicals for display purposes.

First Aid

First aid will be provided at all events of the Society by St John Ambulance Brigade. Additionally the Society will have a number of Honorary Doctors on call

Infringements

Persistant infringement of safety procedures will cause the offenders to be removed from the Society's premises and may result in permanent disqualification.
The Irish Shows Association is proud to present the following Championships and wishes to acknowledge the generous sponsorships which make these competitions possible. For the efficient running of the Championships all concerned are requested to read and observe the Rules set out below.

Shows wishing to participate in the 2016 Championships and be eligible to hold qualifiers must have collected the Championship Fund (currently 5%) from Horse, Pony, Cattle & Sheep. Class prize money for the year 2016 and forwarded the amount so collected, in full to the Irish Shows Association within the stipulated period of not more than 30 days from the date of the show. Alternative methods of meeting this obligation are not acceptable.

Any show or competitor in breach of the Rules set out below will be disqualified from participating or competing in these Championships.

These General Rules and those relating to individual championships (where applicable) should be published in the show schedule and catalogue of the participating shows and must be strictly observed.

Qualifying Rounds: (Qualifiers)
Qualifying rounds will take place at shows designated by the Irish Shows Association.

Responsibility of Shows holding qualifying rounds:
Selected Shows should hold a separate class for each qualifier from which the highest placed animals will qualify.
The Qualifier class should be held as the first (1st) class in the relevant section of the show.
Shows must ensure that the qualifiers are held strictly in accordance with the relevant Rules.
No other sponsor maybe involved in qualifying classes.
Shows may charge an entry fee for each qualifying class. The I.S.A. will award a rosette to the successful animal(s) on appearance at the final.

No show hosting a Championship Final may hold a qualifying class for that championship on the day of the final other than by agreement with the Irish Shows Association. However Shows who hold qualifiers for Horses, Ponies & Cattle may ask exhibitors to enter the exhibit in at least one other class at their show on the day.
Animals qualified for finals are not eligible to enter in any other show class where the final is held, other than a qualifying class for another Championship.
Shows should appoint competent, well briefed persons to act as stewards, who must ensure that only animals (or other exhibits) which are eligible to compete and whose documentation is in order, are allowed to proceed to the judging ring.
Animal Passports & 'Micro chips where applicable' should be read by a Veterinary Surgeon appointed by the show. On completion of judging, Stewards must inform the successful competitors to visit the Secretary's Office at the show within one hour, and complete the necessary arrangements for entry to the final.
The show must appoint a well briefed officer who will be available at the Secretary's Office to assist exhibitors to complete the entry cards for participation in the final and collect the entry fee.
Show Secretaries must forward completed result cards, together with appropriate fees to the Irish Shows Association within three days following the holding of the show.

NB. Shows must return results card marked "No Competition" for any or all of the events for which no animal (or exhibit) has been selected.

Responsibility of Exhibitors:
Exhibitors accept that the Judges decision is final in all cases. Any abuse of Judges will not be tolerated. Where a dispute or case for complaint arises, the matter should only be dealt with under 6. below.
Winners of Qualifiers are themselves responsible for entering their qualifiers (or exhibits) for the final in accordance with 10 & 11 above, within one hour of qualifying.
Winners of qualifiers will compete in the final.
The Irish Shows Association in conjunction with the sponsor reserve the right to alter or amend the rules of the competition as may be necessary where appropriate.
Shows and competitors must contact the ISA for details of any championships and not the sponsor involved.
Objections must be lodged in writing with the I.S.A. representative at the show and the Show Secretary within half an hour following the completion of judging, together with a fee of €50, or other stated fee, which is refundable in the event of the objection being upheld.
Any exhibitor who makes a false declaration or misrepresents a fact regarding themselves or their exhibit are liable to disqualification and/or forfeiture of any prizes awarded.
CUPS AND SPECIAL PRIZES

Until a Cup or Medal is finally won the person to whom it is awarded shall give security to the Society that it will be delivered up to the Secretary in as good condition as when received, at least one month previous to the date of the succeeding Show. The Society reserves the right to altering the terms and conditions of competition for any Cups or Medals at future Shows, or of withholding them if the Judges do not find sufficient merit. Department of Agriculture and Rural Development Important Note for Cattle Exhibitors 2013

Procedure for Movement of Northern Ireland (NI) Cattle into and out of Local Agricultural Shows

Disease Control

Note - only animals free from disease restrictions, including Tuberculosis, Brucellosis and Bluetongue (herd or individual animal restrictions), may be permitted to move to a Show.

To minimise the risk to other livestock, exhibitors are encouraged to have show animals tested for Tuberculosis by their Private Veterinary Practitioner in the 30 days beforehand.

All bovine animals that are more than 12 months of age (with the exception of bullocks) must have a ‘clear’ Brucellosis test for a sample taken within the 30 days prior to movement to a show. Exhibitors should bring proof of this negative Brucellosis test result to the Show.

Cattle, pre-movement tested in a herd, can move to a Show but must return directly to the same herd in which they were tested. These cattle can then move to another Show provided the move occurs within 30 days of the original date of sampling.

Identification

All cattle must be properly identified and comply with the Cattle Identification Regulations.

General Principles

• Cattle going to a Show(s) must be accompanied by a fully completed MC2 document or 3 copies of the electronic movement document (EMD) identifying the Show premises as the destination.
• Cattle moving from a Show must return to the herd they came from.

The number of Shows to which cattle may travel is not limited provided these conditions are met on all occasions.

Movements to or from a Show

Movements to a Show

On arrival at the Show, the cattle must be accompanied by a fully completed MC2 document or 3 print outs of the EMD and proof of a negative result to the Brucellosis Pre-Movement Test if appropriate. The top 3 copies (MC2A-White, MC2B-Yellow and MC2C-Pink) must be brought to the Show. All 3 copies will be checked by a Show Representative and stamped with the Show stamp. The MC2A (white) or 1 copy of the EMD will be retained by the Show Operative.

Additional rule for 2016: Bovines born on or after 1st March 2016 presented at a livestock show MUST have returned a NEGATIVE BVD test result prior to appearing at the show.

Movements from a Show (including Show Operator’s Responsibilities)

1. Where the exhibitor has their Sticker Book with them the Show will issue a movement out MC2 endorsed with the herd number of the exhibitor and the serial number of the ‘move in’ MC2 or EMD. The MC2A (White) and MC2B(Yellow) ‘move out’ copies should be stapled to the Yellow ‘move in’ copy or the second copy of the EMD and have a yellow confirmation sticker applied. This should then be sent to the local DARD office by the Show Operatives. The MC2C (Pink) ‘move out’ copy should be stapled to the Pink ‘move in’ copy or the third copy of the EMD and have the corresponding pink sticker applied. This should be given to the herd keeper for his/her own records.

2. Where the exhibitor does not have their sticker book with them the Show will issue a ‘move out’ MC2 with ALL details completed (including animal details). The move out MC2A (White) copy with the move in MC2B (yellow copy) or the second copy of the EMD should be sent to the local DARD office and the move out MC2B (Yellow) and MC2C (Pink) copies with the move in MC2C (pink) copy or the third copy of the EMD should be given to the exhibitor. The herd keeper must return the MC2B, with a yellow sticker attached to his/her local DARD office within 7 days (to avoid an NMN status) and the MC2C, with corresponding pink sticker attached, should be kept for his/her records (see Annex B).
