DEPARTMENT OF AGRICULTURE RULES & REGULATIONS FOR CATTLE

Important Note for Cattle Exhibitors

Procedure for Movement of Northern Ireland (NI) Cattle into and out of Local Agricultural Shows Disease Control

Only animals free from disease restrictions, including Tuberculosis, Brucellosis, Bluetongue and Bovine Viral Diarrhoea (herd or individual animal restrictions) may be permitted to move to a Show.

Bovine Tuberculosis Controls To minimise the risk to other livestock, exhibitors are encouraged to have "Show" animals tested for Tuberculosis by their Private Veterinary Practitioner in the 30 days beforehand. To minimise the risk to their own herd, exhibitors are encouraged to quarantine show animals and have them tested for Tuberculosis by their Private Veterinary Practitioner at least 42 days after their last appearance at a show and before re-integration to the main herd.

The Compulsory Bovine Viral Diarrhoea Scheme (BVD).

Shows should put in place adequate bio-security measures to reduce the risk of transmission on the premises. For cattle born on/after 01/03/2016, only those animals with BVDN status on APHIS (negative BVD test result) can be moved into a "Show" herd. APHIS will block the movement of animals which don't have BVDN status. For cattle born before 01/03/2016, animals with an APHIS status of BVDP (positive), BVDI (inconclusive), DAMPI (dam of a positive animal) or OFFPI (offspring of a positive animal) cannot be moved into a "Show" herd. APHIS will block the movement of animals which have any of these statuses.

In summary, only those animals with a BVD status of BVDN (negative) INDNEG (indirect negative) or 'blank' (no BVD status on APHIS) can move into the Show Herd. Any animal with an APHIS status of BVDP, BVDI, DAMPI, OFFPI or BVDU (unknown) status cannot be moved into the "Show" herd. In respect of imported animals born on or after 1/3/2016, if a result from an approved laboratory has not already been provided by the vendor, the Bovine Viral Diarrhoea Scheme Order (Northern Ireland) 2016 requires a valid BVD test to be completed within 20 days of the date of importation.

Show Secretaries are advised to consult with AHWNI regarding BVD control at their Show, including what evidence of BVD status exhibitors may be required to give before or on arrival at the Show.

All queries relating to details of the compulsory BVD scheme should be directed to AHWNI:

Identification

All cattle must be properly identified and comply with the Cattle Identification Regulations.

General Principles

- Cattle going to a Show(s) must be accompanied by a fully completed MC2 document identifying the Show premises as the destination.
- Cattle moving from a Show must return to the herd they came from.

The number of Shows to which cattle may travel is not limited provided these conditions are met on all occasions.

Movements to a Show

Pre-movement testing for Bovine Brucellosis is no longer required for movement to shows.

On arrival at the Show, the cattle must be accompanied by a fully completed MC2 document.

The top 3 copies (MC2A-White, MC2B-Yellow and MC2C-Pink) must be brought to the Show. All 3 copies will be checked by a Show Representative and stamped with the Show stamp.

The MC2A (white) will be retained by the Show Operative.

Movements from a Show (including Show Operator's Responsibilities)

1. Where the exhibitor has their Sticker Book with them the Show will issue a movement out MC2 endorsed with the herd number of the exhibitor and the serial number of the 'move in' MC2. The MC2A (White) and MC2B (Yellow) 'move out' copies should be stapled to the Yellow 'move in' copy and have a yellow confirmation sticker applied. This must then be sent by the Show Operatives to be received at the local DAERA Direct Office at the latest by the next working day. The MC2C (Pink) 'move out' copy should be stapled to the Pink 'move in' copy and have the corresponding pink sticker applied. This must be given to the herd keeper for his/her own records (see Annex A).

2. Where the exhibitor does not have their sticker book with them the Show will issue a 'move out' MC2 with ALL details completed (including animal details). The move out MC2A (White) copy with the move in MC2B (yellow copy) must be sent to the local DAERA Direct Office at the latest by the next working day and the move out MC2B (Yellow) and MC2C (Pink) copies with the move in MC2C (pink) copy must be given to the exhibitor. The herd keeper must return the MC2B, with a yellow sticker attached and must be received by his/her local DAERA Direct Office within 7 days (to avoid an NMN status) and the MC2C, with corresponding pink sticker attached, must be kept for his/her records (see Annex B).

Procedure for Movement of Cattle from the Republic of Ireland (RoI) into and out of Shows

Note - In order to receive cattle from the RoI, the Show premises must be operating to full EU Assembly Centre Standards for cattle and be approved for this purpose. As part of these requirements RoI cattle must be kept segregated from NI cattle and must be re-exported directly from the Show premises to their premises of origin in the RoI as soon as the Show ends.

Cattle imported directly to a Show

Note - animals must be registered on APHIS by DAERA staff before they can move into a Show. This registration process will be carried out by the local DAERA office on receipt of the Health certificate, passport and "Show" MC2 documents from the Show Organiser. The registration process will allow DAERA to produce the necessary paperwork for the move out of the show. At present it is not possible for

Show Organisers to electronically move imported animals into a show. Cattle entering a Show will be accompanied by a Passport and a Health Certificate.

The Show will be issued with its own MC2 self-written notification book.

The Show Operative will enter the animal(s) details onto the MC2 then send the completed MC2A (White) MC2B (Yellow) and MC2C (Pink) documents to the local DAERA Direct Office at the latest by the next working day.

MC2D (Blue) should be retained in MC2 book.

Cattle Re-exported Directly from a Show.

Cattle being re-exported to RoI will need to be accompanied by:

- An MC2L (produced by the local DAERA Direct Office);
- The passport (which accompanied the animal to the Show);
- Their original Health Certification suitably endorsed by the Veterinarian responsible for the Show;
- A Non Co-minglement Certificate which will be issued by the Veterinarian responsible for the Show.

If the Show is on a Saturday the Show operator must ensure that all documentation is with their local DAERA Direct Office on the following Monday morning. The MC2L will be produced retrospectively. This may also occur when documents are received by the DAERA Direct Office too late to be processed before the animals leave the Show.

DEPARTMENT OF AGRICULTURE RULES & REGULATIONS FOR SHEEP

Important Note for Sheep Exhibitors

Procedure for Movement of Northern Ireland Sheep into and out of Shows

Identification - For Moves to and from a Show

All sheep, irrespective of their date of birth, must be identified and comply with the Sheep and Goats Identification Regulations and be registered in the flock of the exhibitor.

All sheep must be identified correctly before arriving at the Show. Sheep arriving at the Show without the correct identification will be refused admittance.

Movement of Sheep to a Show

Sheep must be accompanied by a fully and accurately completed SG2 self-written movement document. The SG2 movement document authorises the movement of sheep or goats from the farm to Show premises.

The individual identification numbers must be recorded on the SG2 document (it is acceptable to attach a cross-referenced printed schedule listing the tag numbers to the SG2). These numbers must be checked by the Show Operators against the animals presented before the animals are allowed entry to the Show.

The SG2 movement documents must be stamped with the Show stamp. The white copy must be sent to the local DAERA Direct Office at the latest by the next working day.

Show Operators must have books of movement documents (SG2s) for sheep and separate books for goats.

Movement of Sheep from a Show

The yellow copy of the SG2 provided by the Show Operator must accompany the animals back from the Show. This must include details of the Show and receiving flock, the individual tag numbers (it is acceptable to attach a printed schedule listing the tag numbers to the SG2) or be cross referenced/stapled to the pink copy of the incoming SG2 (only if the whole batch moves out at the same time). Section 3 of the outgoing SG2 must be signed by the flock keeper.

Both move in and move out white copies of the SG2 must be sent to the Show's local DAERA Direct Office by the Show Operator at the latest by the next working day.

Movement of Sheep to and from a Central Point of Recording (CPR) Show

Sheep moving to a CPR Show must be accompanied by a fully and accurately completed SG2 self-written movement document, however, the individual tag numbers do not have to be recorded on the SG2.

The total number of sheep being moved into the Show must still be entered on the SG2.

The ear tag numbers will be read electronically on entry to the Show and a list of tag numbers will be given to the exhibitor. The exhibitor must complete and sign a declaration stating that the sheep will be returned to their flock of origin directly from the Show premises.

The Show must send the declarations to the local DAERA Direct Office for the Show at the latest by the next working day. On departure from the Show the ear tag numbers will again be read electronically and the exhibitor will be issued with a C movement document. This C document must accompany the sheep back to their premises of origin. Both the tag list and the C document must be kept with the exhibitor's flock register.

Procedure for Movement of Sheep from the RoI into and out of Shows

Sheep must have two matching identifiers, one of which must carry an EID device.

NB - In order to receive sheep from the RoI, the Show premises must be operating to full EU Assembly Centre Standards for sheep and be approved for this purpose. As part of these requirements, RoI sheep must be kept segregated from NI sheep and must be re-exported directly from the Show premises to their premises of origin in the RoI as soon as the Show ends.

Sheep Imported Directly Into a Show

Sheep entering a Show will be accompanied with a Health Certificate which must be copied to the local DAERA Direct Office responsible for the Show. An SG2 document must be completed for the move from the RoI to the Show (Show's own SG2 book).

Sheep Re-Exported Directly From a Show

Sheep being re-exported to the RoI will need to be accompanied by:

Their original Health Certification suitably endorsed by the Veterinarian responsible for the Show. Non Co-Minglement Certificate which will be issued by the Veterinarian responsible for the Show. An SG2 document which must be completed for the move from the Show to the RoI (Show's own SG2 book).

SHEEP

All Entries should be on the field by 9.00am

Entry Fee in All Sheep Classes: £5.00 (unless otherwise stated)

Prizes in Sheep Classes (unless otherwise stated) 1st Prize, £20; 2nd Prize, £15; 3rd Prize, £10

DEPARTMENT OF AGRICULTURE RULES & REGULATIONS FOR GOATS

Important Note for Goat Exhibitors

Procedure for Movement of Northern Ireland Goats into and out of Shows

Identification - For Moves to and from a Show

All goats, irrespective of their date of birth, must be identified and comply with the Sheep and Goats Identification Regulations. All goats and kids must be identified correctly before arriving at the Show. Goats arriving at the Show without identification will be refused admittance.

Movement - Goats Going to a Show

- Movement of goats to Shows must be accompanied by a fully and accurately completed SG2 self-written movement document.
- The individual identification numbers must be recorded on the SG2 document (it is acceptable to attach a printed schedule listing the tag numbers to the SG2). These numbers should be checked by the Show Operators against the animals presented before the animals are allowed entry to the Show.
- The SG2 movement documents must be stamped by the Show Secretary. The white copy must be sent to the local DAERA Direct Office at the latest by the next working day.
- Show Operators must have books of movement documents (SG2s) for goats and separate books for sheep.

Movement of Goats from a Show

- The yellow copy of the SG2 provided by the Show Operator must accompany the animals back from the Show. This must include details of the Show and receiving herd, the individual tag numbers (manually added or scanned list) or be cross referenced/stapled to the pink copy of the incoming SG2 (only if the whole batch moves out at the same time). Section 3 of the outgoing SG2 must be signed by the herd keeper.
- Both move in and move out white copies of the SG2 must be sent to the Show's local DAERA Direct Office by the Show Operator within 7 days.

Procedure for Movement of Goats from the RoI into and out of Shows

Goats must have two matching identifiers, one of which must carry an EID device.

Note: In order to receive goats from the RoI, the RELEVANT PART OF THE Show premises must be operating to full EU Assembly Centre Standards for goats and be approved for this purpose. ADVICE ON AND APPROVAL OF THIS MUST BE SOUGHT FROM THE LOCAL DIVISIONAL VETERINARY OFFICE

As part of these requirements, RoI goats must be kept segregated from NI goats and must be re-exported directly from the Show premises to their premises of origin in the RoI as soon as the Show ends.

Goats Imported Directly into a Show

Goats entering a Show will be accompanied with a Health Certificate issued by a Department Vet in the ROI which must be copied to the local DAERA Direct Office responsible for the Show. An SG2 document must be completed for the move from the RoI to the Show (Show's own SG2 book).

Goats Re-Exported Directly from a Show

Goats being re-exported to the RoI will need to be accompanied by:

Their original Health Certification suitably endorsed by the Veterinarian responsible for the Show. Non Co-Minglement Certificate which will be issued by the Veterinarian responsible for the Show. An SG2 document which must be completed for the move from the Show to the ROI (Show's own SG2 book).
