## **Important Note for Goat Exhibitors**

### **Procedure for Movement of Northern Ireland Goats into and out of Shows**

#### **Identification -For Moves to and from a Show**

All goats, irrespective of their date of birth, must be identified and comply with the Sheep and Goats Identification Regulations. All goats and kids must be identified correctly before arriving at the Show. Goats arriving at the Show without identification will be refused admittance.

Movement - Goats Going to a Show - See Annex C

- Movement of goats to Shows must be accompanied by a fully and accurately completed SG2 self-written movement document.
- The individual identification numbers must be recorded on the SG2 document (it is acceptable to attach a printed schedule listing the tag numbers to the SG2). These numbers should be checked by the Show Operators against the animals presented before the animals are allowed entry to the Show.
- The SG2 movement documents must be stamped with the Show stamp. The white copy must be sent to the local DAERA Direct Office at the latest by the next working day. • Show Operators must have books of movement documents (SG2s) for goats and separate books for sheep.

#### **Movement of Goats from a Show - See Annex D**

- The yellow copy of the SG2 provided by the Show Operator must accompany the animals back from the Show. This must include details of the Show and receiving herd, the individual tag numbers (manually added or scanned list) or be cross referenced/stapled to the pink copy of the incoming SG2 (only if the whole batch moves out at the same time). Section 3 of the outgoing SG2 must be signed by the herd keeper.
- Both move in and move out white copies of the SG2 must be sent to the Show's local DAERA Direct Office by the Show Operator within 7 days.
